Affordable health insurance options. Made easy

Healthy News! Small Business Health Insurance for Your Employees!

Find your path to affordable group health insurance with beWellnm for Small Business. We make it easy to enroll in small business coverage that fits your budget and employees' needs.

Together we can get New Mexican's insured!

Reasons to Offer Health Insurance as a Small Business

- Peace of mind for your employees - they have the assurance of being covered.

- Demonstrates to your employees that you actually care about them - health insurance is the most sought-after benefit for prospective employees.
- Tax credits - pre-tax money rebated back to the business for simply offering coverage.

The Special Enrollment Period is Happening Now!

Spread the word!

We understand that not every small business can offer group health insurance but you can encourage employees to sign up on the individual market during the Special Enrollment Period until August 15. But the sooner they enroll, the sooner their coverage starts. If your employees do not have health insurance, beWellnm has resources, to help you and your employees find a plan that fits your needs and budget. Help us spread the word! There is more assistance for New Mexicans than ever before. Helping your employees to get covered can have a positive impact on their health - when you have happy & healthy employees, you can focus on running your business.
