Special Enrollment Open to Those Experiencing Major Life Change

Individuals experiencing a major life event may be eligible to enroll for affordable health insurance now through beWellnm during the Special Enrollment Period, or SEP.

Events that could qualify a person for the SEP

include:

- **Loss of minimum essential health coverage**, such as through loss of a job or loss of coverage through a parent's plan;
- **Changes in household**, such as getting married or divorced, having a baby or adopting a child, or experiencing a death in the family;
- **Or a change in residence**, including a recent move to New Mexico.

For a more detailed list, please visit beWellnm.com.

Unenrolled qualified individuals, current enrollees, and any dependent(s) can enroll in or make changes to their plan selection within

60 days of the qualifying event, which must be reported to beWellnm within 60 days of the event. Loss of minimum essential coverage can be reported 60 days before the event.

The SEP is underway until October 31. We would appreciate your help sharing this message among your network.

Love Your Community! Become Certified

At least half of New Mexico's 200,000 uninsured residents are eligible for no-cost or low-cost health plans through beWellnm. However, they may be unaware of their health insurance options. You can change that by sharing the above SEP information with your network and by becoming a certified agent or broker, if you have not already done so.
